## **Important Notes and Suggested Solutions**

1. Zhono Compatible HP CF259 & W2030 chips have a very low possibility of incompatibility with the latest firmware. Please contact your sales representative for guidance.
2. To avoid potential compatibility issues, we recommend disabling automatic printer firmware updates, and refraining from installing manual updates.
3. If you experience any chip-related malfunctions, please contact your sales representative.
4. Zhono will continue to closely monitor OEM firmware upgrades to deliver secure and reliable chip solutions for our customers. If you have any questions regarding printer firmware, please contact your sales representative.

Thank you for your support.

Sincerely yours,

March 31, 2026
